About Us

C3 Soccer Club is more than just a soccer team — we are a development-focused community committed to shaping well-rounded athletes through the power of sport. At the heart of our philosophy are three core pillars: **Cognition, Competence, and Character**.

- **Cognition:** We train the mind as much as the body. Our programs emphasize decision-making, game intelligence, and mental agility, helping players think faster, adapt smarter, and elevate their understanding of the game.
- **Competence:** We build strong fundamentals and advanced technical skills through purposeful training. Whether a player is new to the sport or striving for elite levels, our coaching fosters continuous growth in ability and performance.
- **Character:** We believe who you are off the field matters just as much as what you do on it. Through leadership development, teamwork, and sportsmanship, we cultivate values that prepare players for success in soccer and in life.

At C3, we develop complete players — strong in mind, skilled in play, and grounded in values.

Join us in building the future of the game, one player at a time.

Our Vision

To create a new standard in youth soccer by developing smart, skilled, and strong-hearted players — and to become **Houston's leading soccer club**, known not just for winning, but for shaping athletes who lead with purpose on and off the field.

Our Mission

At **C3 Soccer Club**, our mission is to develop complete athletes by training the **mind, body, and spirit** of every player. Through a commitment to **Cognition, Competence, and Character**, we prepare young athletes to excel in the game of soccer and thrive in life — as smart decision-makers, skilled performers, and respectful leaders.
